Our Service Promise

100% FAMILY OWNED

Capricorn Corporate Services is 100% family owned and managed. We started by identifying an opportunity to look after the corporate services requirements of the Capricorn Group, and now manage more than 600 structures belonging to family offices, entrepreneurs and High Net Worth individuals.

INTERNATIONAL

Capricorn is an international private investment business with offices in London, Johannesburg, Malta and Hong Kong. Its roots date back to 1994 as the Private Equity arm of the Hollard Insurance Group, a global insurance business and South Africa's largest privately-owned insurance company.

PERSONAL SERVICE

Our objective has always been to offer a professional quality service usually associated with a larger firm, but with the pragmatism, flexibility, and personal touch of a smaller focused team in a family office environment.

HIGH LEVEL SERVICE

You might find another company that offers the same services, but you will be very hard-pressed to find another company that offers the same level of service.

SPECIALIST ADVICE

For specialist advice we work closely with a trusted and experienced team of international legal, financial, and taxation experts that we use for our own Group work.
